# Dedication

# Mr. Robert Fithian

Understanding, patience, and dedication - these are just a few of the personal attributes which are necessary for a class advisor to possess. Our senior class advisor, Mr. Fithian, has all of these qualities, and more. His infinite skill in dealing with the many problems and dilemmas that we seniors have encountered on the rocky road of our last year of high school has preserved a warm spot in our hearts for him. We shall be forever grateful to him for his time and devotion, for without him, our senior year would have been total chaos! We thank you, Mr. Fithian, and we dedicate this yearbook to you.

# Appreciation

MRS. HETTIE SCHWARTZ

We shall always fondly remember our dear Mrs. Schwartz. She was always cheerful, helpful, and ready to assist us with our problems, and her memory will live on in our hearts forever.

MR. ROY EVANS

We, the yearbook staff, would like to thank the crossing guard at Green Ridge Fire House for his care and devotion to the students at Sun Valley. We thank him from the bottom of our hearts for his dedication.

MR. WALT TURECKIE

Long after we have finished our day at school, our custodian, Walt Tureckie still remained cleaning up the products of another busy day. On behalf of the students of Sun Valley, we express our thanks and sincere wishes for a well-earned retirement. Farewell, Walt!

Physical education has always been looked upon as a chore rather than a period for fun and relaxation. Mrs. Metzgar has worked hard to alter this attitude and we all thank her for her dedication, and wish her well as she retires from the teaching profession.

### Administration

SUPERINTENDENT: DR. JOHN CIPOLLINI

ADMINISTRATIVE STAFF: THEODORE CRAMER, ARTHUR KRETZ, KENNETH MICHAEL

#### SUPERINTENDENT'S MESSAGE:

I am pleased to have this opportunity to offer my congratulations and best wishes to the Class of 1981.

I am hopeful that each of you will have a satisfying and productive life in whatever you choose to do. I encourage you to set goals for your life and strive to achieve them. Keep in mind that most goals are achieved in stages and persistent effort will more often than not result in success. We are fortunate to be Americans for we truly are afforded more opportunities to shape our individual lives than any other peoples of the world.

Although it has been said many times and many of you have heard the message in one form or another, I would like for you to read it at least one more time:

"Life is short . . . Live it . . . Don't spend it!"

Dr. John Cipollini

PENN-DELCO SCHOOL BOARD OF DIRECTORS: LEWIS BOUGHNER, JOAN HAIGH, VINCENT COSTELLO, JANE GRAU, STEPHEN KING, BETTE SENKOWSKY, JOSEPH GRIMES

### Principal

As you, the members of the Class of 1981 graduate, many challenges are ahead. Decisions on jobs and careers must be made. Plans for continuing your education must be finalized, and eventually most of you will select a partner with whom you will share the joys and responsibilities of married life.

Although much is said about the ills of our society, don't be apprehensive! Set personal and career goals and then work hard to achieve them. Only in our great country do you have the freedom to pursue your objectives. In the process you will find many wonderful people willing to encourage and help you. The outcome for you will be a productive and satisfying life and the realization that you have contributed to improving our society.

#### A. Robert Cenname

Entering as our principal at a very critical point in the year, Dr. Cenname has worked extremely hard to become a part of Sun Valley. His persistence and dedication proved to be the qualities that provided for a smooth transition. In just one year, Dr. Cenname has shown the concern, the cooperation, and the understanding that are so important to a productive school year.

We all thank you, Dr. Cenname, and wish you success in your future years here at Sun Valley.

## Vice Principals

Even though we don't always agree with the actions of our three Vice-Principals, we must admit that the majority of the time they are justified in their decisions and are merely doing things for our own good. It is their responsibility to create an atmosphere conducive to learning, and they completely fulfill their obligations.

Everyday we see their smiling faces at their typewriters and hear their pleasant voices over the intercom. Yes, our secretaries are quite versatile. Beginning and ending our day, the secretaries do more than type. They are always there to lend a helping hand to make our days less hectic. Thanks for your contributions, ladies!

# Guidance

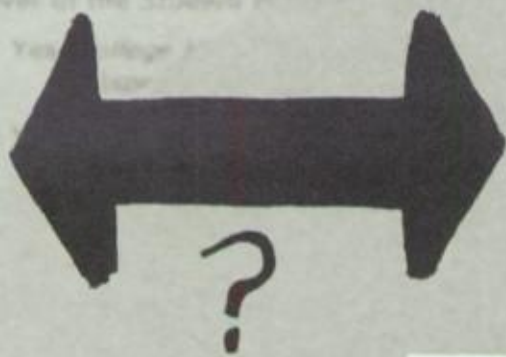

Our caring, helpful guidance counselors are an unlimited source of career ideas and good old common sense concerning school dilemmas. Their responsibilities are varied and numerous, and they perform each and every job to the best of their abilities, and they often contribute more than their share of time and effort in order to help the students of Sun Valley succeed. We owe them a lot for what they have done for our lives.

# English

Compositions, grammar, vocabulary, essays, novels, and plays are just a few of the vital elements of English class. Many students have probably asked themselves quite often, "Who needs English class?" Well, the answer is that we do! English is not just learning to write compositions or memorize vocabulary words and authors. English is learning to communicate intelligently with our fellow human beings and write down our thoughts and feelings for posterity. English is learning how our ancestors felt through what they wrote. When you come right down to it, English is the ultimate way of expanding and enriching our minds!

## *Social Studies*

There is perhaps nothing more exciting than studying the glorious and inspirational past of the United States and the bright, promising future that is in store for us. Our Social Studies Department helps us study both of these, and much more. Not only do they reveal the brighter side of the United States, but they disclose our darker side, so that we, the present generation, can learn from our ancestors' mistakes. They also open up the rest of the world for us, exposing us to different cultures and people, in order to make us broader-minded, more diverse individuals. They have not only made us proud of our national history, but of our world history!

In the past, many of us students often wondered about the world around us—that is, the scientific world around us. There are numerous questions about our surrounding environment that we wanted answered, and our Science Department obliged! They not only helped us to better understand our world and “what makes it tick,” but they’ve also helped many eager students toward careers as doctors, chemists, researchers, plus many more occupations that will prove to be both satisfying and profitable in the future. Even though it seems like our science teachers are only trying to confuse us, with all their talk about moles, compounds, charges, elements, and molecules, they are merely trying to help us to understand the complicated world we live in.

# Mathematics

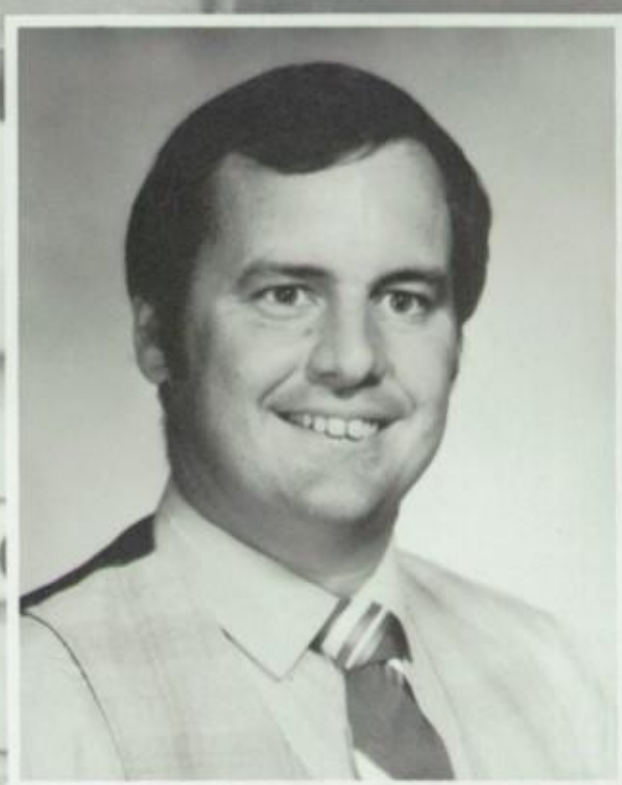

What is the slope of this line? What is the solution set for this equation? How often we have been asked these and similar questions, and we replied with only blank, confused stares! We all know, deep down inside, that they are merely trying to challenge our intelligent minds with brain-boggling, yet possible problems. The Math Department does so much more than throw numbers and problems at us; they decipher many numerical mysteries for us, and actually make math seem useful.

# Foreign Language

Parlez-vous français? This is just one of the most basic questions of the of the French language, and along with the Spanish language, one has the courses of our Foreign Language Department. Other schools may have more languages to choose from, but Sun Valley has the quality teaching to make up for this. They take the time and care to assist every student in mastering this strange and alien talk.

We've all had the experience of strolling easily down the hall early in the afternoon, right after lunchtime, and smelling the delicious aroma of cookies, pies, and cakes wafting down the hall, making our empty stomachs growl hungrily. But Home-Ec is more than just cooking. It's sewing, and child care, and more. It's teaching us high school students to survive domestically, male or female. We thank them for this vital preparation.

Students of our Business Education Department have learned that the courses offered are not strictly for business students. Academic students can also find something of interest, whether it's learning to type term papers or mastering stenography in order to take faster notes in class. Of course, our Business Education courses are fantastic for aiding business students in working their way to the top of the ladder of success. Many thanks for contributing your talents to us!

## *Learning Center*

No one ever said that learning is an easy process, and sometimes we all need some assistance. That is what the Sun Valley Learning Center aims to deal with; the problems that certain students may have with the stiff challenges of school. Their assistance has helped numerous students in dealing with the trials and tribulations of school life.

## *ROTC*

Not many people really realize the strict discipline and total devotion it takes to be a member of ROTC. These students participate in drills that take concentration and skill, and they perform them to the best of their abilities. They deserve much more credit and recognition than they usually receive, so now they will get it! Thanks for your hard work, ROTC members!

While much of our school's talent lies in the Sun Valley Art Department, the rest lies in our Music Department. We have talent ranging from our chorus to stage band, but especially in our industrious marching band, which has earned the honor of Group III Atlantic Coast Champion for 1980. This makes the third time in the past four years that Sun Valley has been champion at Allentown. Congratulations to them, and to the whole Music Department. They have all given us something to be proud of!

## Art

CORINNE GARLAND

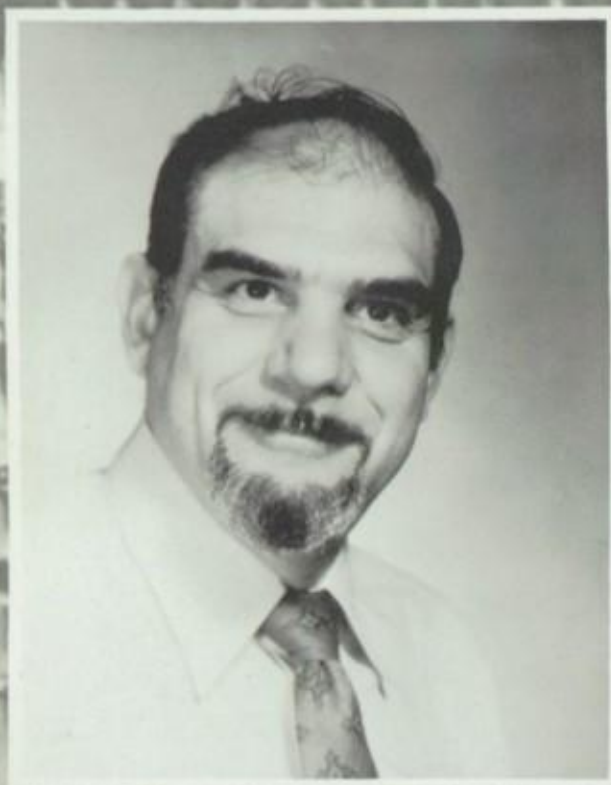

MARGUERITE MACDONALD

A great deal of our school's talent lies in our Art Department. Sun Valley has more than it's share of artistic individuals who love creating paintings, sculptures, drawings, and pottery purely for the enjoyment of themselves and others. We are so very lucky to have such enormous talent at Sun Valley, along with the devoted, caring teachers to help develop this talent.

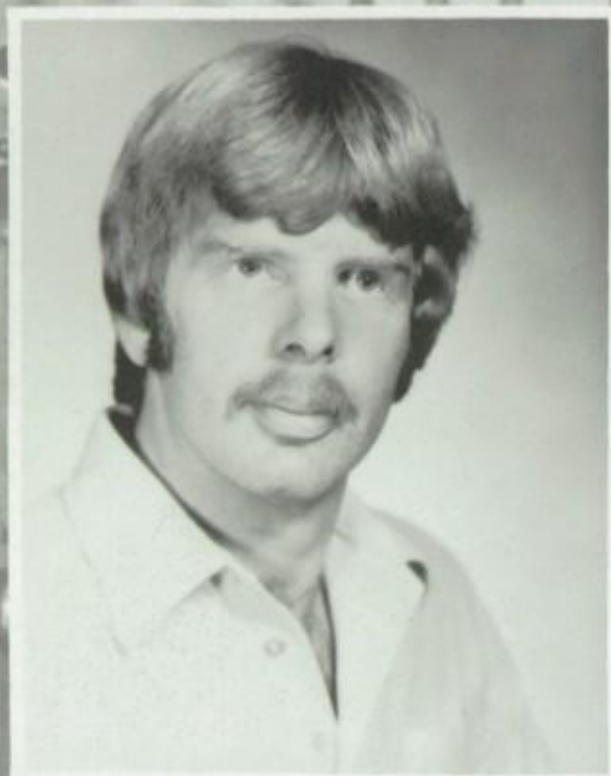

## *Industrial Arts*

JOSEPH LALLI

There is so much more to Industrial Arts class than cutting and nailing wood to make a simple project. It involves a lot of skill and planning to make workable, useful projects that will make their designers proud and that will earn a decent grade. It also involves using your mind as well as your hands. In short, Industrial Arts class is a lot more than just performing; it is creation!

# *Physical Education*

Ever feel like your mind is being overworked? Thank heavens for gym class! Even though most of us complain about getting changed, freezing to death in the winter, and dying of heat stroke in the summer, we are all grateful for those two periods a week when our minds can take a break and our bodies can get in shape by doing things as conventional as basketball, hockey, and soccer, to things as different as aerobic and square dancing, and archery. Besides, what other class did we never have to study for?

## *Services*

Throughout our years at Sun Valley, the men and women who make up our Services Department have contributed immensely to our high school education. Whether it be help in finding just the right book, concern for our health, advice on automobile safety, or aid in improving the reading skills of many students, they have always come through for us. Your hard work and interest in the student body is very much appreciated.

Both our cafeteria staff and our custodians have played a large part in our years here at the Valley. As each day passed by, we all realized the difference that a hot, hearty lunch made in our physical abilities as well as our mental attitudes. Even though it is not often said, the talents and dedication of our ladies in the kitchen are greatly appreciated.

In addition to the kitchen staff, our custodians have contributed much to the school. Their unending service of keeping Sun Valley clean and organized has provided the entire student body with a great sense of pride. We are truly grateful for your hard work!

*misty watercolor memories . . .*

A black and white photograph of a misty, mountainous landscape. The scene is hazy with soft, diffused light. In the foreground, a winding road or path leads through a valley. The middle ground shows rolling hills and valleys, some with patches of snow or light-colored vegetation. In the background, more mountains are visible, their peaks softened by the mist. The overall mood is serene and nostalgic.

### *Misty Shadows*

*Gazing into a looking glass  
At an older and wiser face  
The misty shadows cloud my mind  
And time gives way to space  
Space inside where memories lay  
Of friends and faces passed  
Along the road of growing up  
Of answers found and questions asked,  
Of friends we made and things we learned  
All these things we won't forget  
These and so much more  
Like the rose pressed in a book  
Whose color is all but gone  
What was then is no longer now  
But the memories linger on.*

# Senior Officers

President: David Orlando

To the Class of 1981,

In our past three years at Sun Valley we have accomplished some of our ultimate goals and have had a chance to partake in the growing of others' ambitions. High school has been a struggle to succeed, but now it is time to test our own success quotient. Whether it be college or employment, we must continue to master our minds' power, for we are the leaders of tomorrow. So put forth your greatest effort to reach your goals.

With much luck to all,

*Dave Orlando*

Vice President: Christine Peterson

Advisor: Mr. Robert Fithian

With the help of five dedicated officers and one superior advisor, we, the Class of 81, have had a profitable and enjoyable stay at Sun Valley. These people have given their time to each and every one of us in one way or another. They have spent many long hours working on proms, fund raisers, and other activities and projects to make our stay at the Valley a memorable experience. Besides working for our class, David Orlando, along with Junior Claire Miller, represented the student body on the school board. To each officer and to Mr. Fithian, we give our thanks and our deep appreciation.

# Who's Who

Robyn Arters- Robyn is one of the most versatile and active students in Sun Valley. Besides the outstanding athletic ability she showed in Hockey and Lacrosse, she was an excellent class officer, a member of Student Senate, and president of Wrestlerettes.

Sharon Davies- Sharon is one of our most active seniors at Sun Valley. In addition to her sunny disposition and friendly personality, Sharon was involved in many clubs, such as Yearbook, of which she was Senior Editor, Honor Society, Wrestlerettes, and Band, in which she was Captain of the Majorette Squad.

Brian Blonski- Brian is known not only for his above average intellect, which he displayed by his class rank, and his membership in Honor Society and Scott's Hi-Q, but also for his school spirit which he showed by his involvement in Drama Club, Stage Crew, and Tennis.

Ernie Bonacquisti- Known as one of the most gifted athletes in Delaware County, Ernie displayed his superior ability in various sports. He was one of our best football players, a great basketball player, and a fantastic runner in track.

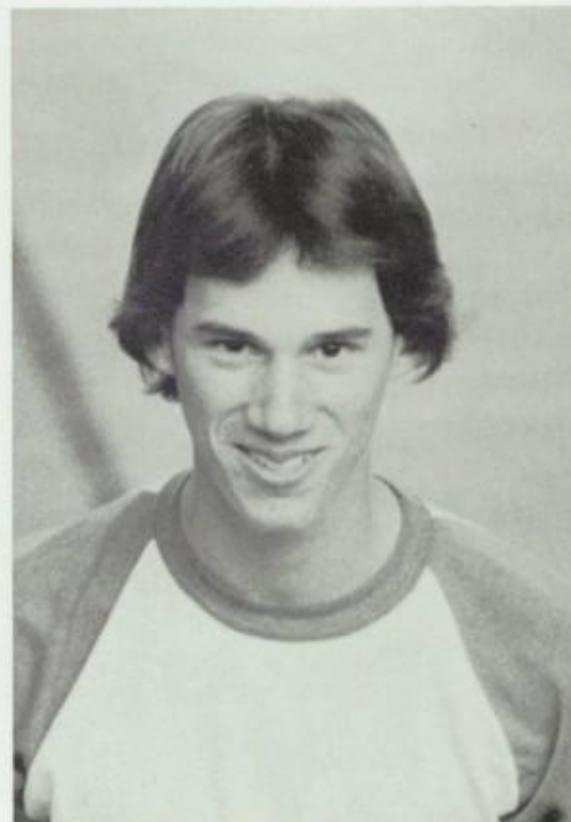

Debbie DePrinzio- Debbie is probably the busiest student in our school. Besides maintaining a high class rank, she was Editor-in-Chief of the Yearbook, Captain of the Flag Squad in Band, and member of Honor Society, and Musicales, and one of our morning announcers.

Donna DiSalvatore- Donna is another of our most involved seniors. She participated in numerous clubs and activities, such as Interact, Honor Society, in which she served as Historian, Drama Club, Ecology Club, and she was the Yearbook Underclassmen Editor.

Paul Elmer- Paul is a rare blend of athletic and academic talent. He was an outstanding member of the Soccer team for three years and a member of the Honor Society.

Kathy Fantau- Kathy is one of the highest ranked students in the Senior Class. Besides this high academic achievement, she also found time for Band, Musicale, Drama Club, Honor Society, and Stage Band.

Diane Frame- Diane is one of the most athletically talented students in our school. She displays superior talent in all three sports she participates in: Hockey, Basketball, and Track.

Judy Inge- Judy is known throughout the school for her outstanding intelligence, which is demonstrated by her number one ranking and membership in Honor Society. Besides her academic involvement, Judy also was an active member in Ecology Club and Stage Crew.

Andy Kahn- Andy has a very impressive list of accomplishments ranging from a number two class rank, to membership in Scott's Hi-Q, to President of the Honor Society. He also finds time for Drama Club and the Band.

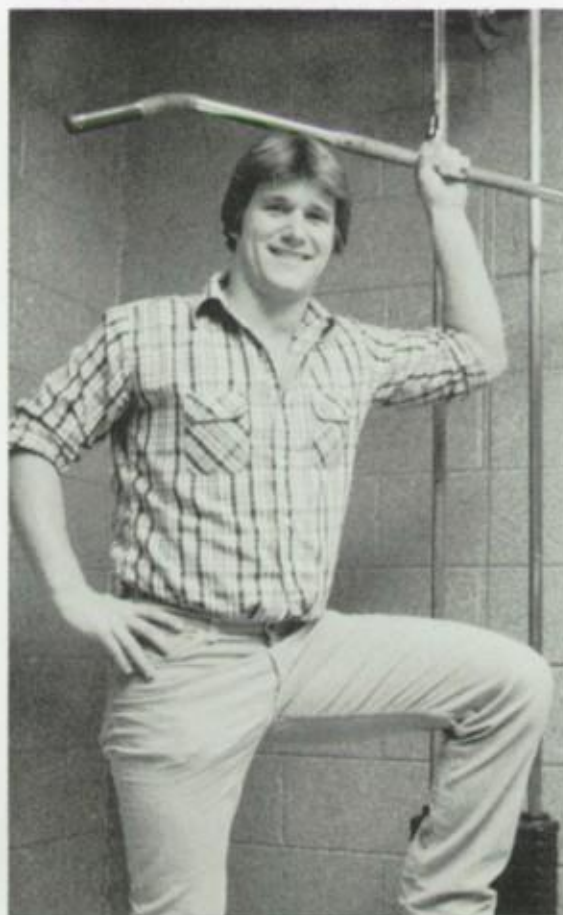

Janice Lehr- Janice is a friendly, active student, who was captain of the Pom-Pom Squad in Band, a member of Musicales, Secretary of the Wrestlerettes, and an active member of Track.

Cindi Miles- Cindi is not only one of our most involved students, but also one of our best leaders. She was not merely a member of Hockey and Basketball, but she was the Captain of both! She was also president of the Band, and a member of the Honor Society and Track.

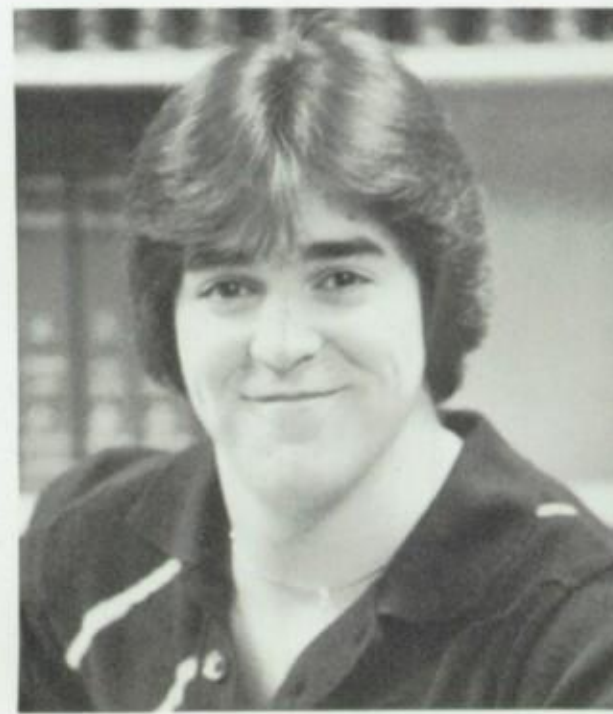

Dave Mac Main- Dave is an extremely amiable person with a fantastic personality. He is also an extremely active member of the Senior Class. He participated in Band and Soccer.

Ken Novotni- Ken is known for his superior athletic ability, which he demonstrated in Football and Basketball. But even more important than these achievements, Ken is known for his friendly personality and his ability to "Keep his Cool" during athletic activities, both of which are very admirable qualities.

Karen Meyers- Karen is another of our most active and intelligent students. She has an extremely high class rank and is Treasurer of the Honor Society. In addition, she juggles activities like Band, Stage Band, and Lacrosse.

Dave Orlando- Dave is recognized as one of the best speakers and most skilled leaders in the school. He was a member of Student Senate and the Tennis team. Probably Dave's most important role in the Senior Class was his position as President.

Jeff Reese- Jeff is another of the most talented students, who has managed to combine academic ability with athletic ability. Not only is he ranked near the top of his class and a member of the Honor Society, but he is a skilled player on the Soccer team and an integral part of the Track team.

Mary Sidoriak- Mary is another of our very busy yearbook Editors. She served as Business Manager of this book, and when she wasn't running around doing something for the Yearbook, she was busy with one of her other activities like Band, Tennis, Interact, and Wrestlerettes.

Dawn Stevens- Dawn is truly the most gifted music student in our school. Besides being a member of the Band and Tennis team, Dawn always managed to keep her class rank near the top.

Cindy Santore-Cindy is a friendly, well-dispositioned girl, who was ranked very highly. She is also a member of the Honor Society and Wrestlerettes.

Steve Strawley- Just as Dawn is one of the most gifted music students, Steve is also very talented. He shows incredible expertise in playing the trumpet. Besides being Student Conductor of the Band, Steve maintains high grades.

# Homecoming

Sherri Mercandante: Marty Erle

On the evening of November 7, the 1980 Homecoming football game was held. During halftime the announcement that everyone had been waiting for was made. The 1980 Homecoming Queen was crowned. There were six girls in the court. All of them were deserving of the honor, but there could only be one winner. The girls were Sherri Mercandante, Lisa Spildener, Linda Lopresti, Carol Lynn Ellison, Regina Armitage, and Linda Marabella. By the close of the halftime ceremonies, everyone knew who the Queen was. Regina Armitage was elected, by her fellow classmates, to be the Homecoming Queen for 1980.

Linda Marabella: Ollie Hofle

Lisa Spildener: Mark Goodman

Regina Armitage: Gary Aberts

Linda Lopresti: Joe Wallace

Carol Lynn Ellison: Lee DiAntonio

# Miss Chi

The date was November 26, and the place was the Sun Valley gymnasium. The stands were filled with exuberant fans. The moment had arrived, and in minutes the winner of the 1980 Miss Chi contest would be announced. Each beauty, while taking her traditional walk around the gym, was greeted with rousing cheers. Every girl had spent much time making herself ravishing for the big day. The judges had a difficult task deciding among the six gorgeous ladies! They were Tom "Candy" Fitzgerald, Mike "Slinky" Webb, Nick "Ebba" Veratti, Paul "Roxanne" Jones, Ernie "Boom-Boom" Bonaquisti, and Warren "Mountain Queen" Whitesell. Phil Touhey, our eminent M.C., named Nick "Ebba" Veratti Miss Chi for 1980. Ebba was overwhelmed with her victory. All she could say was, "Thanks to EBBAbody, I won"!

Miss Chi: Nick "Ebba" Veratti

## Christmas Ball

Christmas Ball Court (standing): Linda Lopresti, Kim Anderson, Jean Naef, Lisa Spildener, Doreen Beecher, Robin Creighton, Sherri Mercandante, Escorts (kneeling): Joe Wallace, Brian Buza, Dave Schneeman, Mark Goodman, Fran Savage, Chris Bergeman, Ernie Bonacquisti.

The Christmas Ball, with the theme "Silver Bells", was a complete success and will remain in the minds of all who participated for a long time to come. The beautiful decorations, in combination with the prevailing holiday spirit, the presence of the pretty queen of the ball, Lisa Spildener, and her escort, Mark Goodman, and fantastic music from the band made it an extremely enjoyable evening. It was a perfect way to top off the Christmas season with lots of good holiday fun.

# Cheerleading

KNEELING (L to R): Lori Salvato, Tina Falcone, Sherri Mercadante. STANDING: Kellie Grogan, Kathy Sculley, Linda Lopresti, Missie Melchior, Bernadette Haday, Doreen Beecher, Tracie Sipple, Sherry Haislip, Margie DiVito, Diane Messick, Kathie McKniff, Missy Maletsky, Marina Mattera, Karen Warren, Lisa Spildener.

ADVISOR: Ms. Duncan

CAPTAINS: Lori and Sherri

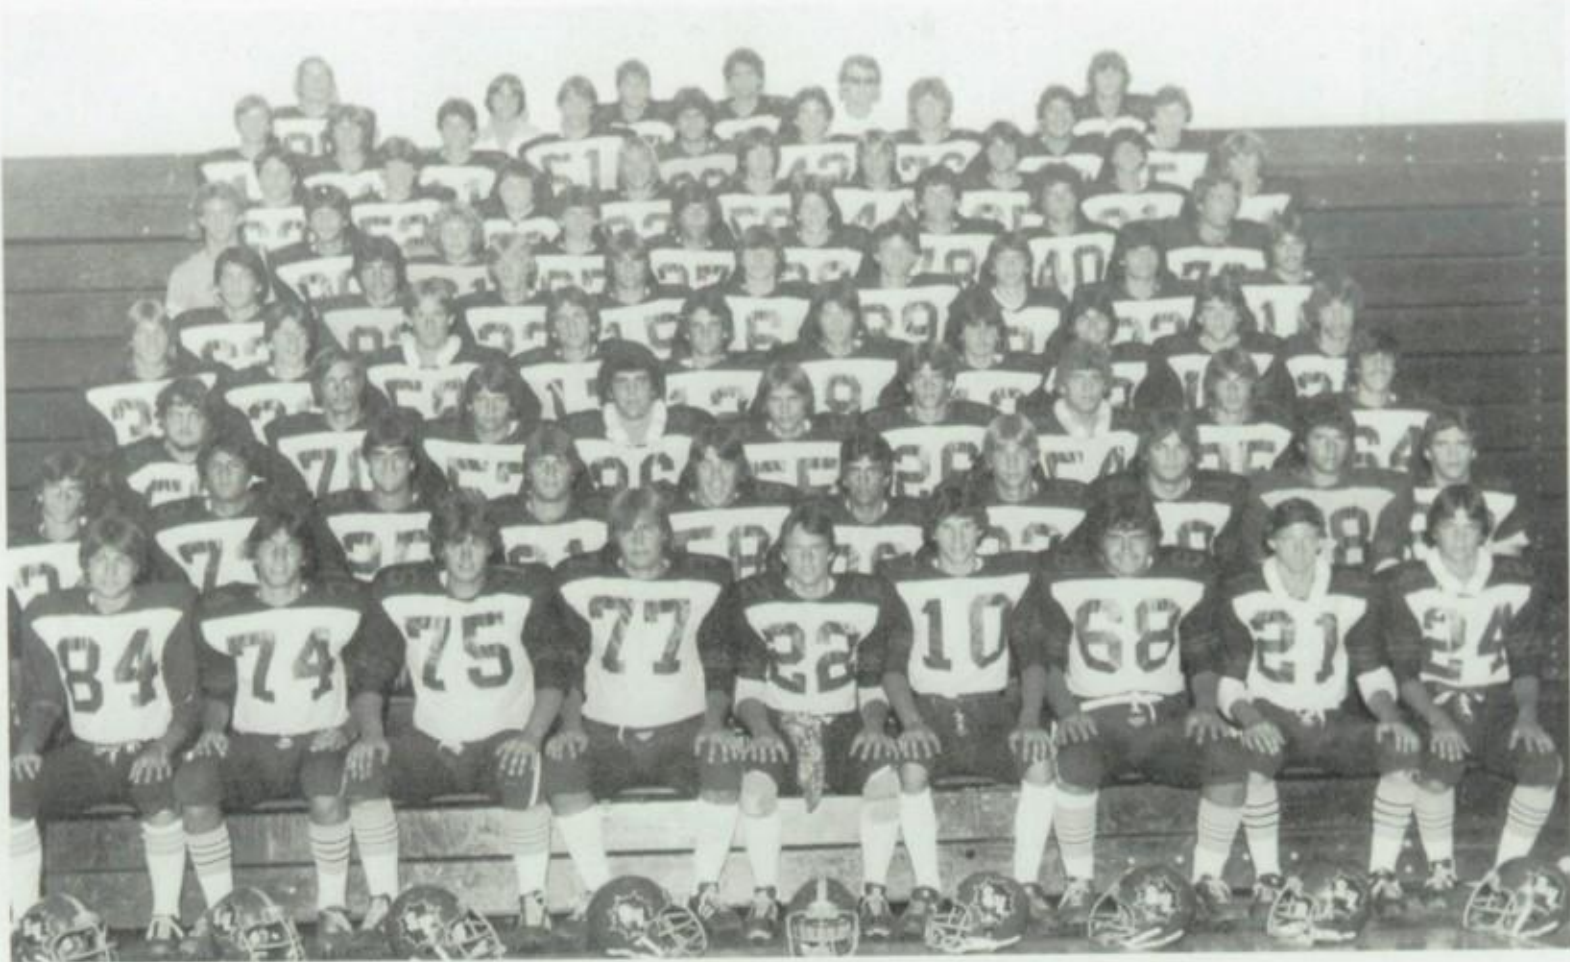

What would our school do without that spirited, peppy group of pretty cheerleaders to root on our athletic teams and get us "rowdie" at pep rallies? This is a question that certainly need not be answered. Everyone knows that our school spirit would probably die without these energetic girls. They keep on cheering, clapping, and jumping, completely ignoring aching arms, sore throats, and 25 degree temperatures that freeze every part of their bodies. They keep right on smiling brightly and cheerfully, and they even have the energy to throw candy to a grateful crowd of spectators. And we, the spectators and student body of Sun Valley, thank you girls for your dedication and hard work—work that started long ago, even during the summer while most students were relaxing. Your enthusiasm has added a bright spark to our school, and we thank you for it!

NINTH ROW: Ray Clowsley, Mark Carabba, Jeff Hornibrook, Mike Harkins, Matt Emery, Rich June.

This season in football has been one of the most exciting in Sun Valley history! Both the Varsity and Junior Varsity teams provided our eager, supportive fans with an exciting, heart-stopping game every time. But this success was not achieved merely through luck. These players were diligently practicing long before anyone else was even thinking about football. This hard work paid off in the form of ready, willing, and extremely able football teams that were hard to beat, if not unbeatable! Our skill and finesse made many opponents look immature and made formidable opponents seem only mediocre! Thanks Varsity for an excellent season, and congratulations Junior Varsity - you are the promise of tomorrow!

COACHES: Mr. Giampalmi, Mr. Lashendock, Mr. Withelder, Mr. Fithian, Mr. Benedict.

Lynn, Coach DeLellis, Coach MacDonald, Carolyn. TRI-CAPTAINS: Maggie, Diane, Cindi.

Both the Varsity and Junior Varsity hockey teams had extremely impressive and successful seasons this year. Both basked in the glow of victory and survived the rocky road of defeat, though they did not often encounter defeat! But even when they did, they still retained the Sun Valley pride. This spirited, hardworking group of girls practiced hard and long, and even though they did not receive much support from the student body, they strived unceasingly for victory . . . Their desire was not recognition, but athletic success, and they more than achieved it! Let's all hope that next year's team can live up to this year's standards, and this will be quite difficult, because our girls attained a level of success that is hard to achieve. Congratulations on an excellent season!

Soccer is a rough, fast game that requires not only muscle, but plenty of fast thinking and well-developed skill. This year's soccer teams displayed all of these qualities and more! They were not only tough, but played intelligently and thought fast, meeting every difficult situation that presented itself. Their incredible skill was constantly rewarded with a growing number of fans; each game their crowd of admirers grew. Meanwhile this crowd became more enthusiastic and supportive, cheering energetically at each and every game. Our boys really deserve this growing recognition, plus much more. For many years soccer was an unrecognized sport, but now it is finally expanding, as it is at Sun Valley. Hopefully soccer will continue to grow and expand at our school! Thanks for a fantastic season, players, and good luck next year!

Tennis is a sport that is rapidly growing in popularity in our school, and our excellent girls tennis team reflects this growing popularity. Every year our players have more skill, proving that tennis is a sport that is quickly gaining the recognition it has deserved for so long. The highly developed skill of these girls shocked a lot of people; when they thought of the girl's tennis team, they thought of a group of delicate, prissy girls running daintily around the tennis court, swinging a tennis racket clumsily. This is not so at all! This was a team of hardworking, persevering girls that possessed a drive and desire for victory that many people do not expect them to have. Next year's season will probably be better than ever, so let's get out and support these girls next year!

MANAGER: Denise Seefeldt

This has been a growing year for the boys' cross country team. Their season was not particularly successful in terms of wins, but it was successful in terms of experience. These boys gained valuable experience that will aid our cross country teams in the future. They certainly need more support from the student body, so next year let's get out and support these boys. They practice hard, and we all know that running isn't easy! Next year your team will be even better, so let's give them our well-deserved support!

As is always the case, our girls cross country team had a fantastic year. They never fail to excell over all other schools. Once again, we had numerous champion runners who upheld the high reputation of Sun Valley. This hard-working group of girls never failed to dazzle our competitors with their outstanding speed and skill, and we even had two girls make it to the District I Championship and the State Championship. We are extremely proud of you girls! Congratulations!

If you love heart-stopping suspense, serious competition, and fast-paced excitement, and you missed seeing our Boys' Basketball team play this year, then you lost out on one of the biggest opportunities of your life! Our boys were phenomenal this year, never failing to keep the crowd either on the edge of their seats in suspense or on their feet cheering in triumph. These boys displayed not only raw talent but the skill and finesse that is necessary to be champions. What fan could forget the unbelievable come-backs and rallies, or the lightning-fast plays and breaks, or their display of seemingly inexhaustable hustle and determination. It is precisely this will and determination that sets Sun Valley's Boys' Basketball team apart from other teams that may have the same amount of talent but only succeed in being mediocre. In combination with excellent coaching, this determination to rise above mediocrity and be one of the best has made Sun Valley number one in our eyes!

This year's Girls' Basketball team certainly did not allow our school to lose our reputation for producing champions. They were true specimens of leadership, quality, and outstanding athletic ability. Their endless energy and desire to succeed kept them on top all season, and helped them over come seemingly insurmountable obstacles. Sometimes people tend to belittle Girls' Basketball, demeaning its importance in the sports world and viewing it merely as a group of girls trying to master a boys' sport. But our girls' team has succeeded in completely erasing this myth from the minds of their fans by displaying great finesse and skill. They proved that basketball is no longer simply a boys' sport. No matter how formidable a foe, no matter how futile their efforts may have seemed sometimes, these girls kept right on striving and practicing. And these noble efforts paid off in the form of one of the best Girls' Basketball teams that our school has ever seen. Thanks for a wonderful season!

There is probably no more grueling, physical, and demanding sport than wrestling. There is also no more exciting sport either, especially for Sun Valley fans, because our wrestlers have managed to master this sport to such a high degree that they have earned one of the highest reputations around. Any Sun Valley fan will testify to the tremendous air of excitement that is created at a wrestling match; fans sit spellbound as two strong, determined wrestlers grapple it out in a battle of strength and skill. This is a notable point concerning wrestling; it is not merely a test of strength; the victor of a match is often the most skilled and not necessarily the strongest. This is the main reason why Sun Valley's Wrestling team is number one; besides tremendous strength, they have a level of skill and experience that is almost impossible for other schools to top. This, along with excellent coaching, has made our wrestlers simply phenomenal!

Monty Python and the Holy Grail was presented in our Junior Year by the Honor Society Drama Club. Seniors who participated in this spoof of the legend of King Arthur were: Ray DeAncona playing the title role and Susan Tucker as Guinevere. Others who played more than one role in the Python production were: Carey Butt, Jeff Castagna, Mike Grogan, Andy Kahn, Paul Mattes and Karen Meyers. Behind the scenes were Kathy Fantau, Donna Keeth, Gindi Miles, Kathy Pietryka, Dawn Stevens (musical director), and Barb Suda (art coordinator). A special thanks goes to Mr. Bob Moran whose patience and dedication helped make this an enjoyable experience for all who participated and attended. The most important thing learned however, was that no matter how much things get you down, "Always Look On the Bright Side of Life".

# *Juniors: One Step Closer*

While the sophomore class officers hold the promise of good years at Sun Valley, the junior class officers are the fulfillment of this promise. Their careful planning and creative minds always manage to come up with innovative ideas for activities to fill up our spare time. Their involvement makes our years at Sun Valley busy and happy, and we thank them for their unselfish dedication.

# Sophomores: On Their Way

Often sophomores find it difficult to become really involved in school activities. They may feel inferior and a bit intimidated by the older and more experienced students. But the sophomore class officers this year have become quite involved in our school. They are the motivating force to the whole sophomore class, and are the future leaders of the junior and senior classes. This is a large responsibility, but the sophomore class officers have proven that they are capable of handling this task - now and in the future.

# *Acknowledgements*

We, the 1981 Spectrum Staff, have tried to develop a yearbook which will allow us to enjoy the memories of our years spent at Sun Valley High School. Many individuals have devoted their time to enable us to produce such a book. To Mrs. Marguerite MacDonald, whose patience and expertise helped us progress toward our goal; to the secretaries, Mrs. Jean MacBain, Mrs. Ruth Rhoades, and Mrs. Ruth Winbourn, who were always there to lend a helping hand; to Dr. A. Robert Cenname, whose constant support helped us to overcome our photography problems; to Mr. Kenneth Bolyard, Mr. Richard Miller, Mr. William Turnbach, who tried to make our goal a little easier to reach; to Mr. Robert Moran, who contributed a great deal to the success of the senior class; to Mr. William Booth, who helped us tremendously with the sports pictures; to Zamsky Studios who were always so cooperative whenever possible; and finally to Mr. William O'Brien of Josten's American Yearbook Company, who willingly gave of his time, guidance, and reassurance - making it possible for us to produce this yearbook; to these individuals, we sincerely extend our warmest gratitude.

The memories of our last three years are too special to be forgotten. The happiness we have attained during this time through doing, loving, achieving and conquering will help us remember those special moments that friends share. Our lives may begin to part as each senior faces new horizons but we will never be divided from each other for we have shared something that can never be taken away from us and it is our "Memories."
